# COVID-19 CASE COUNTS - CALIFORNIA

## California COVID-19 By The Numbers

September 3, 2020

Numbers as of September 2, 2020

### CALIFORNIA COVID-19 SPREAD

**717,177 (+5,125)**  
CASES

#### Ages of Confirmed Cases

- 0-17: 72,822
- 18-49: 430,475
- 50-64: 135,797
- 65+: 77,191
- Unknown/Missing: 892

#### Gender of Confirmed Cases

- Female: 362,183
- Male: 348,495
- Unknown/Missing: 6,499

**13,327 (+164)**

Fatalities

#### Hospitalizations

Confirmed COVID-19  
**3,604/1,119**  
Hospitalized/in ICU

Suspected COVID-19  
**967/151**  
Hospitalized/in ICU

# COVID-19 CASE COUNT 9/3 – ORANGE COUNTY

Costa Mesa  
1700 Cases

## ORANGE COUNTY COVID-19 DASHBOARD

Cumulative Cases

**48,945**

(Includes Deaths, PCR Positive only)

Cumulative Antigen Positive Cases\*\*\*

**822**

Daily PCR+ Cases Received

**299**

Cumulative Deaths

**1,018**

Daily (New) Deaths Received

**11**

Cumulative PCR Tests

**675,809**

Daily PCR Tests Received

**11,064**

Recovered Cases

**42,897**

(Estimated)

Updated: 9/3/2020

CURRENT TIER: **WIDESPREAD (TIER 1)**

Daily COVID-19 Positive Cases per 100,000

**5.6**

(7-Day Average with 7-Day Lag)

Testing Positivity Percent

**5%**

(7-Day Average with 7-Day Lag)

### Tier Framework Metrics

| County Risk Level*           | Daily New Cases (per 100k)**<br>(7-day average w/ 7-day lag) | Positive Tests<br>(7-day average w/ 7-day lag) |
|------------------------------|--|--|
| <b>WIDESPREAD</b><br>Tier 1  | >7 new daily cases (per 100k)                                | >8%  |
| <b>SUBSTANTIAL</b><br>Tier 2 | 4 - 7 new daily cases (per 100k)                             | 5 - 8%   |
| <b>MODERATE</b><br>Tier 3    | 1 - 3.9 new daily cases (per 100k)                           | 2 - 4.9%                                       |
| <b>MINIMAL</b><br>Tier 4     | <1 new daily cases (per 100k)                                | <2%  |

\*To advance to the next tier, a county must also meet health equity measures as described on the right.

\*\*Case rate will be determined using confirmed (by PCR) cases, and will not include state and federal inmate cases. Case rates include an adjustment factor for counties that are testing above the state average. The incidence is adjusted downwards in a graduated fashion, with a maximum adjustment at twice the State average testing rate.

\*\*\*HCA is tracking and conducting contact tracing on antigen+ cases.

Figures shown in this tab are reported by California Department of Public Health

CDPH Resources:

[CDPH Blueprint Information](#)

[Blueprint for a Safer Economy](#)

[Blueprint Activities and Business Tiers](#)

### Moving through the Tiers

Rules of the framework:

1. CDPH will assess indicators weekly. The first weekly assessment will be released on September 8, 2020.
2. A county will remain in a tier for a minimum of three weeks before being able to advance to a later tier.
3. A county can only move forward one tier at a time, even if metrics qualify for a more advanced tier.
4. If a county's case rate and test positivity measure fall into two different tiers, the county will be assigned to the more restrictive tier.
5. City local health jurisdiction (LHJ) data will be included in overall metrics, and city LHJs will be assigned the same tier as the surrounding county.

### Initial step applied on August 28, 2020:

1. Each county is assigned to a tier based on an adjusted case rate and test positivity from the prior two reporting periods. If a county's case rate and test positivity measure fall into two different tiers, the county will be assigned the more restrictive tier.
2. This tier status will be effective on Monday, August 31, 2020.
3. If a county is initially assigned to Purple Tier 1 and has met the criteria for a less restrictive tier the prior week, the county only needs to meet the criteria for a less restrictive tier for one more week to move to the Red Tier 2. (For the September 8, 2020 assignment, a county does not need to remain in the Purple Tier 1 for three weeks. For all subsequent assessments, a county must remain in a tier for three weeks and meet the criteria to advance as described below.)

### To advance:

1. A county must have been in the current tier for a minimum of three weeks, except as described in the "Initial step applied on August 28, 2020" section above.
2. A county must meet criteria for the next tier for both measures for the prior two consecutive weeks in order to progress to the next tier.
3. In addition, the state will establish health equity measures on activities such as data collection, testing access, contact tracing, supportive isolation, and outreach that demonstrate a county's ability to address the most impacted communities within a county. Additional measures addressing health outcomes such as case rates, hospitalizations and deaths, will also be developed and tracked for improvement.

### To move back:

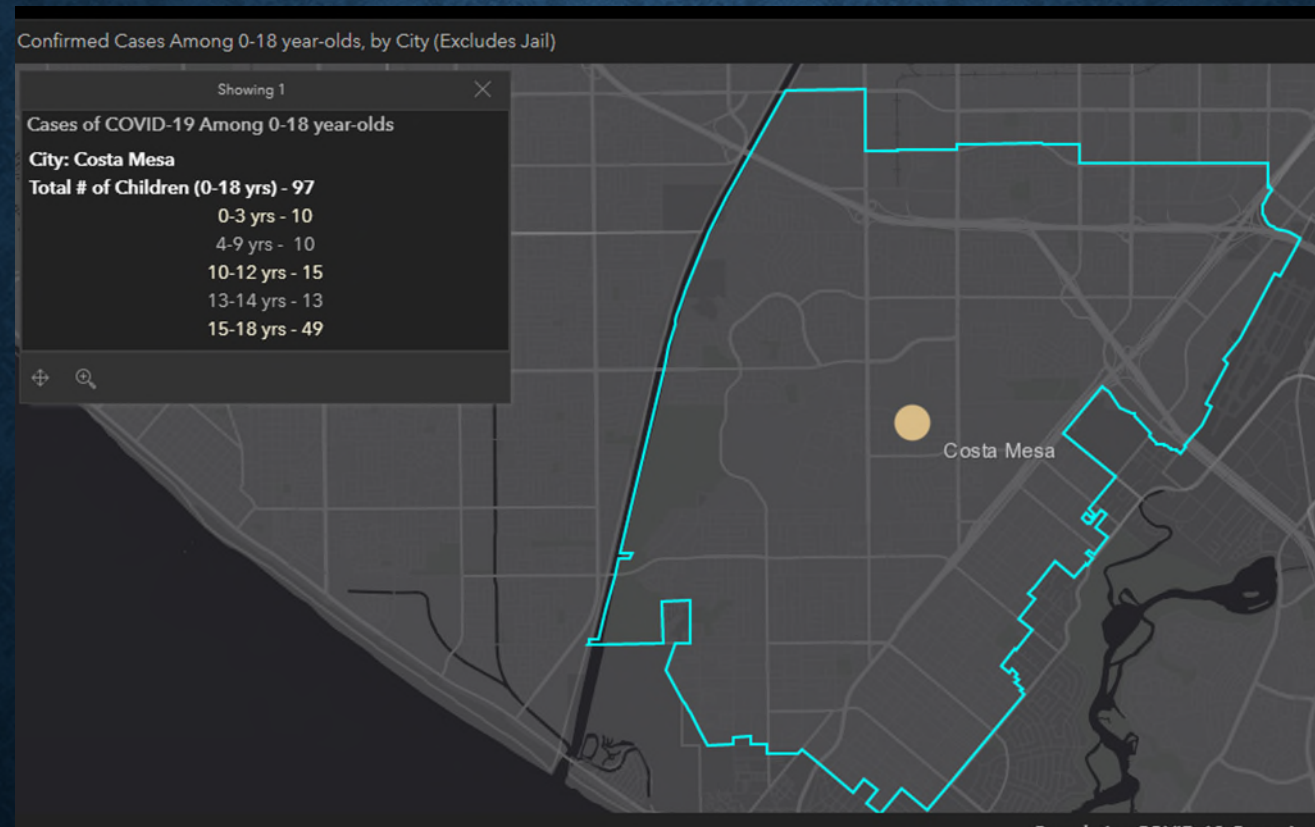

1. During the weekly assessment, if a county's adjusted case rate and/or test positivity has been within a more restrictive tier for two

# NEW STATE FRAMEWORK - MOVEMENT

## Rules of the framework:

- ❖ CDPH will assess indicators weekly. The first weekly assessment will be released on September 8, 2020.
- ❖ A county will remain in a tier for a minimum of three weeks before being able to advance to a later tier.
- ❖ A county can only move forward one tier at a time, even if metrics qualify for a more advanced tier.
- ❖ If a county's case rate and test positivity measure fall into two different tiers, the county will be assigned to the more restrictive tier.
- ❖ City local health jurisdiction (LHJ) data will be included in overall metrics, and city LHJs will be assigned the same tier as the surrounding county.

## Initial step applied on August 28, 2020:

- ❖ Each county is assigned to a tier based on an adjusted case rate and test positivity from the prior two reporting periods. If a county's case rate and test positivity measure fall into two different tiers, the county will be assigned the more restrictive tier.
- ❖ This tier status will be effective on Monday, August 31, 2020.
- ❖ If a county is initially assigned to Purple Tier 1 and has met the criteria for a less restrictive tier the prior week, the county only needs to meet the criteria for a less restrictive tier for one more week to move to the Red Tier 2. (For the September 8, 2020 assignment, a county does not need to remain in the Purple Tier 1 for three weeks. For all subsequent assessments, a county must remain in a tier for three weeks and meet the criteria to advance as described below.)

## To advance:

- ❖ A county must have been in the current tier for a minimum of three weeks, except as described in the "Initial step applied on August 28, 2020" section above.
- ❖ A county must meet criteria for the next tier for both measures for the prior two consecutive weeks in order to progress to the next tier.
- ❖ In addition, the state will establish health equity measures on activities such as data collection, testing access, contact tracing, supportive isolation, and outreach that demonstrate a county's ability to address the most impacted communities within a county. Additional measures addressing health outcomes such as case rates, hospitalizations and deaths, will also be developed and tracked for improvement.

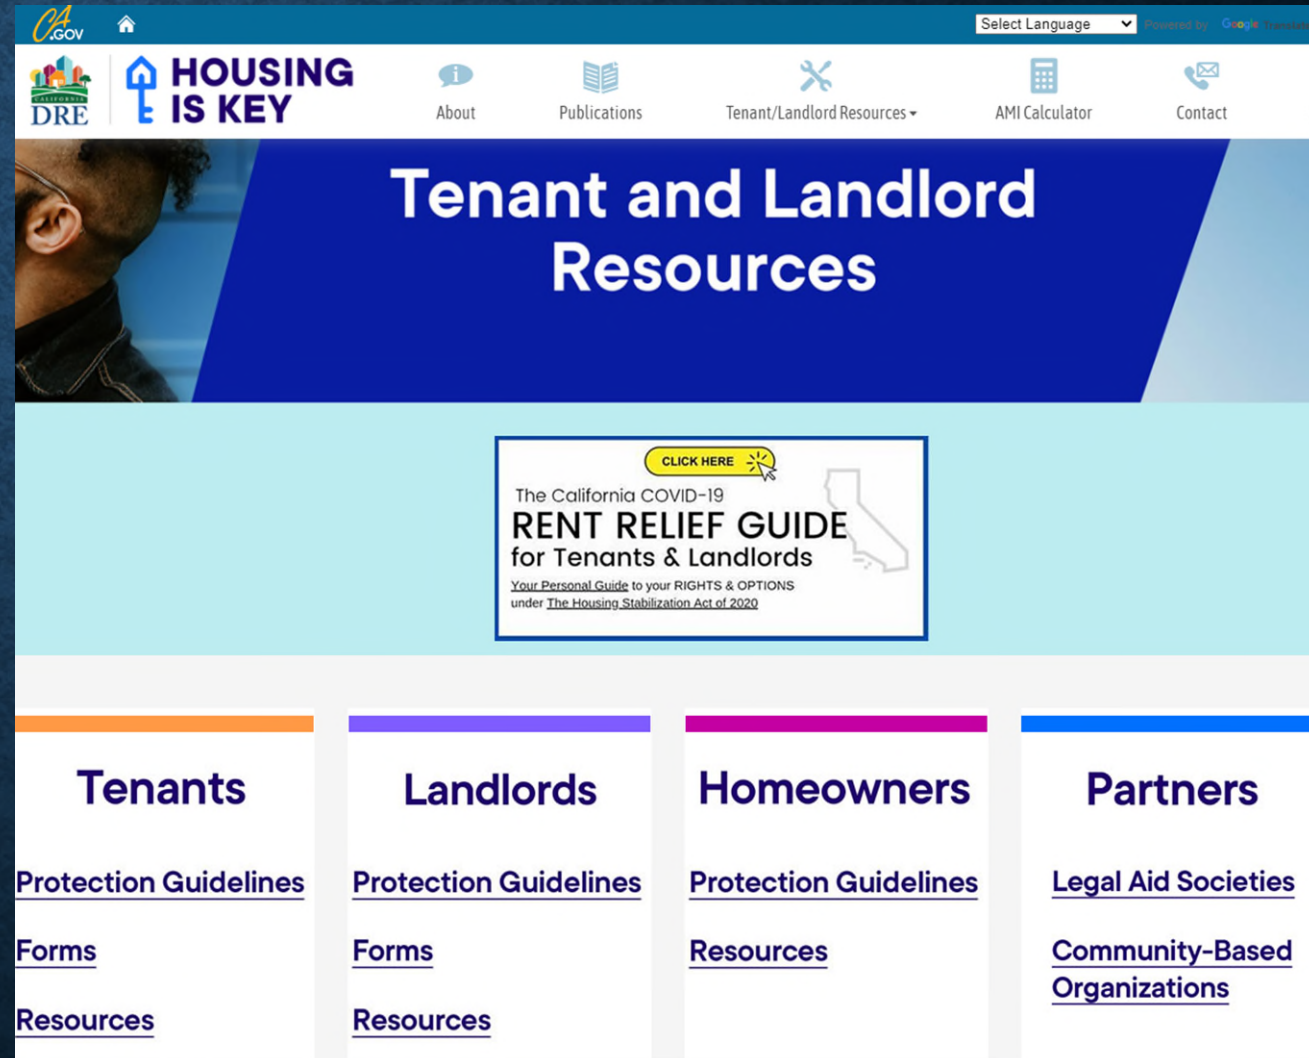

## To move back:

- ❖ During the weekly assessment, if a county's adjusted case rate and/or test positivity has been within a more restrictive tier for two consecutive weekly periods, the county must revert to the more restrictive tier.
- ❖ At any time, state and county public health officials may work together to determine targeted interventions or county wide modifications necessary to address impacted hospital capacity and drivers of disease transmission, as needed.
- ❖ Counties will have three days to implement any sector changes or closures unless extreme circumstances merit immediate action.

# WWW.HOUSINGISKEY.COM

- ❖ No COVID-19-Related Evictions Until February 1, 2021
- ❖ Tenants Still Responsible for Paying Unpaid Amounts to Landlords
- ❖ Additional Legal and Financial Protections for Tenants
  - ❖ [https://landlordtenant.dre.ca.gov/tenant/protection\\_guidelines.html](https://landlordtenant.dre.ca.gov/tenant/protection_guidelines.html)
- ❖ Statewide Consistency and a Pause on Local Measures
- ❖ Protections for Small Landlords
- ❖ Significantly Increases Penalties on Landlords Who Do Not Follow Court Evictions Process

# SUMMARY OF COSTA MESA ACTIONS

- ❖ Supported the County of Orange in deploying the OC Fairgrounds Testing Supersite
- ❖ Authorized a \$100 fine for individuals not wearing facial coverings as required.
- ❖ \$1.97M Small Business Grant Program from County CARES Act. Applications closed July 3.
  - ❖ 120 checks have been sent for \$1.17 million.
  - ❖ Initial lottery selected 189 businesses out of nearly 400 that applied
- ❖ A Temporary Use Permit (TUP) application for walkways and parking lots is available on the City's website at <https://www.costamesaca.gov/city-hall/city-departments/development-services/planning>.
- ❖ Zoning Code Changes to relax codes for greater physical distancing for restaurants and other businesses and to activate Public Rights of Way on Randolph, 18<sup>th</sup> St., 19<sup>th</sup> St.
- ❖ Costa Mesa BAC Website, Call Center, and Shop Local Campaign
- ❖ Uniform signage program for COVID-19-related information
- ❖ Continuing aggressive lobbying efforts at all levels to increase funding for businesses and nonprofits
- ❖ Protected Tenants from Eviction while Safeguarding Landlords' Property Rights. Now through September 30 due to Governor's extension of eviction moratorium.
- ❖ Protecting Residents, Patrons, and Employees from transmission risks while accessing essential services
- ❖ Developed comprehensive COVID-19 business and community resource guides on the City website
- ❖ Conducted Virtual Town Hall Technical Assistance Training for Businesses for SBA Loans
- ❖ Reopened golf courses and certain parks
- ❖ Revised zoning code to allow parking lot drive-thrus

# COVID-19 TESTING

OC Fairgrounds testing supersite open now!

<https://360clinic.fulgentgenetics.com/>

❖ No-cost testing

Who should get tested if asymptomatic:

- ❖ Workers in congregate living settings such as skilled nursing facilities, jails, or homeless shelters.
- ❖ Healthcare workers and first responders.
- ❖ Individuals with close contact (15 minutes or more within 6 feet) to someone known or suspected to have COVID-19.
- ❖ Workers with contact with the public such as such as grocery store workers, social service providers, government workers, and others. (including restaurant employees, barbers, etc.)

Visit **OCGOV.COM/NOVELCORONAVIRUS** for other testing options.

# SAFE DINE OC GRANTS

- ❖ Local restaurants that are safely reopening
  - ❖ Must be located in Orange County
  - ❖ Must have a current health permit with OC Health Care Agency Environmental Health Division
- ❖ Can get up to \$1,000 in reimbursements for qualified purchases.
- ❖ Application period began **August 6**
  - ❖ Ends in 60 days, or when funding is fully allocated, whichever occurs first
  - ❖ Visit **OCBC.ORG/SAFEDINEOC** for more updates

## Congratulations SafeDineOC Grant Recipients!

The restaurants below are on the forefront of safely serving Orange County.

# REMINDER: CHECKLISTS MUST BE POSTED IN YOUR WINDOWS

## COVID-19 General Checklist for Retail Employers

May 7, 2020

This checklist is intended to help retail employers implement their plan to prevent the spread of COVID-19 in the workplace and is supplemental to the [Guidance for Retail Employers](#). This checklist is a summary and contains shorthand for some parts of the guidance; familiarize yourself with the guidance before using this checklist.

### Contents of Written Worksite Specific Plan

- The person(s) responsible for implementing the plan.
- A risk assessment and the measures that will be taken to prevent spread of the virus.
- Training and communication with employees and employee representatives on the plan.
- A process to check for compliance and to document and correct deficiencies.
- A process to investigate COVID-cases, alert the local health department, and identify and isolate close workplace contacts of infected employees until they are tested.

### Topics for Employee Training

- Information on [COVID-19](#), preventing spread, and who is especially vulnerable.
- Self-screening at home, including temperature and/or symptom checks using [CDC guidelines](#).
- The importance of not coming to work if employees have a frequent cough, fever, difficulty breathing, chills, muscle pain, headache, sore throat, recent loss of taste or smell, or if they or someone they live with have been diagnosed with COVID-19.
- When to seek medical attention.
- The importance of hand washing.
- The importance of physical distancing, both at work and off work time.
- Proper use of cloth face covers.

### Individual Control Measures & Screening

- Symptom screenings and/or temperature checks.
- Encourage workers who are sick or exhibiting symptoms of COVID-19 to stay home.
- Encourage frequent handwashing and use of hand sanitizer.
- Provide disposable gloves to workers using cleaners and disinfectants when required. Consider gloves as a supplement to frequent hand washing for other cleaning tasks such as handling commonly touched items or conducting symptom screening.
- Strongly recommend cloth face covers.
- Close or increase distance between tables/chairs in breakrooms or provide break areas in open space to ensure physical distancing.
- Communicate frequently to customers that they should use face masks/covers.

### Cleaning and Disinfecting Protocols

- Perform thorough cleaning in high traffic areas.
- Frequently disinfect commonly used surfaces.
- Clean and sanitize shared equipment between each use.
- Clean touchable surfaces between shifts or between users, whichever is more frequent.
- Equip customer entrances and exits, checkout stations, and customer changing rooms with proper sanitation products, including hand sanitizer and sanitizing wipes, and provide personal hand sanitizers to all frontline staff (e.g., cashiers).
- Ensure that sanitary facilities stay operational and stocked at all times.
- Make hand sanitizer and other sanitary supplies readily available to employees.
- Use products approved for use against COVID-19 on the [Environmental Protection Agency \(EPA\)-approved](#) list and follow product instructions and Cal/OSHA requirements.
- Adjust or modify store hours to provide adequate time cleaning and stocking with physical distancing.
- Provide time for workers to implement cleaning practices before and after shifts, hire third-party cleaning companies.
- Install hands-free devices if possible.
- Encourage the use of debit or credit cards by customers.
- Encourage customers with reusable bags to clean them frequently and require them to bag their own purchases.
- Consider upgrades to improve air filtration and ventilation.

### Physical Distancing Guidelines

- Implement measures to physically separate people by at least six feet using measures such as physical partitions or visual cues (e.g., floor markings, colored tape, or signs to indicate to where workers should stand).
- Minimize exposure between cashiers and customers. Where physical distancing cannot be maintained, use barriers such as Plexiglas. Where barriers are not feasible, strongly recommend that employees and customers wear face covers.
- Use signage to remind customers of physical distancing at every opportunity.
- Adjust in-person meetings, if they are necessary, to ensure physical distancing.
- Place additional limitations on the number of workers in enclosed areas to ensure at least six feet of separation.
- Stagger employee breaks, in compliance with wage and hour regulations, to maintain physical distancing protocols.
- Close in-store bars, bulk-bin options, and public seating areas and discontinue product sampling.
- Dedicate shopping hours for seniors and other vulnerable populations.
- Increase pickup and delivery service options such as online ordering for curbside pickup.
- Provide separate, designated entrances and exits.
- Limit the number of in-store customers based on the size of the facility.
- Be prepared to queue customers outside while still maintaining physical distance.
- Encourage and train employees to practice physical distancing during pickup and delivery.
- Make some locations pickup- or delivery-only to minimize physical interaction, if possible.
- Install transfer-aiding materials, such as shelving and bulletin boards, to reduce person-to-person hand-offs where possible. Wherever possible, use contactless signatures for deliveries.
- Expand direct store delivery window hours to spread out deliveries and prevent overcrowding.
- Ask non-employee truck drivers, delivery agents, or vendors who are required to enter retail locations to have their employees follow the guidance of local, state, and federal governments regarding wearing masks.

# CITY OF COSTA MESA COVID-19 HIGH POINTS

- ❖ **Face masks are required.**
  - ❖ Don't face a fine, wear a mask.
- ❖ **City Hall new operating hours; remains closed to public.**
  - ❖ Open virtually Mondays – Thursdays, from 8 AM – 5 PM.

**DON'T FACE A FINE  
WEAR A FACE MASK!**

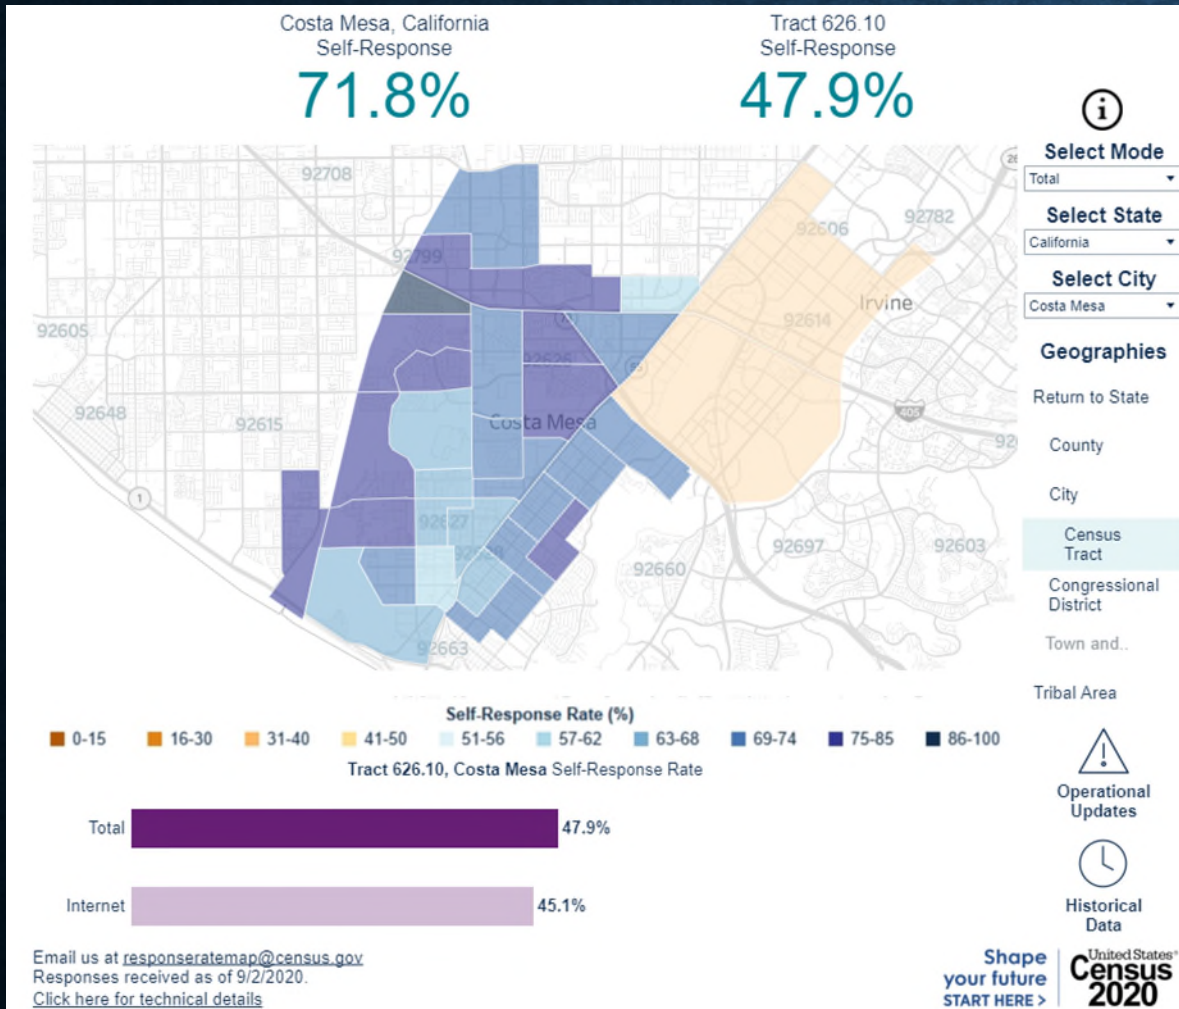

**FACE MASKS ARE REQUIRED BY ORDER OF THE STATE, COUNTY AND CITY.  
YOU MAY BE CITED IN COSTA MESA AND FINED PURSUANT TO:**

- California Governor's Executive Order N-25-20
- Government Code § 8567, 8627, 8665,
- California Health and Safety Code sections 10130, 101040, 101470, 120175 & 120130
- Costa Mesa Regulation No. 3 pursuant to Proclamation 2020-01, enforceable pursuant to the provisions of CMMC Title 6, Chapter I, section 6-6 and section 6-9,

# REMINDER: CENSUS 2020

## How to Identify a Census Taker

- TIME OF THE DAY**  
Census taker visits between 9:00 a.m. and 9:00 p.m. local time
- ID BADGE**  
Official Census Bureau identification is worn
- VEHICLE IDENTIFICATION**  
An "Official Business" is placed on the vehicle
- MASK**  
Census taker wears mask and maintains 6 feet social distancing
- SMART DEVICE**  
Census taker carries an iPhone/smart device to gather information
